Donn,

Can you add the following 3 people with the Port of Houston Authority to the mailing list for San Jacinto River Waste Pits Superfund Site?

Barbara

Linda,

If you want to set up a call to discuss the site and any questions you all have, I would be happy to answer your questions. I am in all this week and next.

Barbara,

I am writing to inquire about the status of the Administrative Order on Consent for this Site and also to ask for guidance on how the Port of Houston Authority may have input into the specific criteria that the PRPs will need to meet in performing the clean-up work at the Site. Decisions relating to the clean-up work to be performed and the scheduling of clean-up activities will, of course, affect the Port Authority's interests, and we want to be sure that we have input into the process at the proper times so as to protect the Port Authority's interests without unnecessarily delaying the planning and performance of the work. Thank you for your assistance.
